About Me

Hello , I am Zin Paing Htet . I am frontend developer specializing **React and NextJs**. I am learning Web Development for 2 years . During COVID-19 , I wanted to learn new skills . So I learned Web development. Now I am really love this. I love creating Web apps using React.

I am 4th year student at **Mandalay Technological University** (MTU) . Because of the coup happening in our country , I am not able to join my university. Although I am not CS student , I am interested in **Computer Science and related technologies**.

Now I am **looking for new role as junior developer** , intern or something. If you want to hire or help me , you can **contact my number** or via email.
